## Scientific Assistant/PhD Student

The workgroup of Prof. Lorenz at the Institute of Analysis and Algebra at the TU Braunschweig is searching a

### Scientific Assistant (75% TV-L EG 13).

The position is available from 01.10.2017 and is initially limited to three years.

We are looking for candidates

- with a degree (Masters or Diploma) in mathematics above average,
- with a focus on at least one of the areas optimization, numerical mathematics or functional analysis,
- good knowledge of German and
- strong interest in applied mathematics. We suppose that the candidate brings a high commitment for scientific research.

The responsibilities include

- participation in teaching and
- independent research in one of the areas of the work group.

Equally qualified severely challenged persons will be given preference. The TU Braunschweig especially encourages women to apply for the position. Please send your application including CV, copies of certificates and letters of recommendation (if any) in electronic form via e-mail to Dirk Lorenz.

**Application deadline: 31.08.2017**
